

Eastside Utility District Fire Hydrant Flow Test Request

The Agency recorded on this Fire Hydrant Flow Test Request is on Public Fire Hydrants only. The test will be conducted at 500 gpm by Eastside Utility District personnel and scheduled after payment is made. The test will take place at the nearest fire hydrant to the specified location or can be conducted on specific fire hydrant upon request. A fee of \$300.00 must be paid to Eastside Utility District prior to each fire hydrant flow test.

If a flow test request exceeds 500 gpm, the fee will increase to \$400.00 and must be performed after regular business hours. The appointment time of the test will be determined by Eastside Utility District. Eastside Utility District reserves the right to seek indemnification from the Agency signed below for any damage to Eastside Utility District infrastructure. Including, but not limited to, water discoloration, waterline breaks, pump damage, etc. For further details, please call 423-490-9522.

Return this form, in person, with payment to:
Eastside Utility District
3018 Claude Ramsey Pkwy Chattanooga, TN 37421

Payment may also be mailed to:
Eastside Utility District
P.O. Box 22037
Chattanooga, TN 37422

Please remember to include a copy of this Fire Hydrant Flow Test Request with your payment.

To apply for a Fire Hydrant Flow Test, please complete the form below and submit it to Eastside Utility District along with payment for each test. Tests will be scheduled at our discretion to avoid disrupting operations or water supply. The data provided from the test is a snapshot of our water distribution system at that moment. Ensure that your design includes a safety margin for any fluctuations in pressure and flow rates.
